Sir:

On October 6, 2005 and February 18, 2005, Applicants filed Information Disclosure Statements in the above-captioned matter. In the Information Disclosure Statements, German Patent Publication No. DE 37 41 259, which had been cited in a European Search Report, and Japanese Laid-Open Patent Publication No. HEI 7-271435, which had been cited in a Korean Office Action, were brought to the Examiner's attention, copies thereof were provided to the Examiner, and Form PTO-1449's, on which they were listed, were also provided.

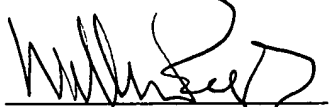

Also provided were English language abstracts of the German and Japanese patent publications, also cited on the Form PTO-1449's. Although all of the patent documents were initialed, the English abstracts were crossed off of the Form PTO-1449's. To complete the record, Applicants assume that the English language abstracts

of the German and Japanese patent publications were considered by the Examiner during consideration of the underlying documents.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Chun-Kyu WOO et al.
